

第5回 日独流体数学国際研究集会 The 5th Japanese-German International Workshop on Mathematical Fluid Dynamics

June 11 - 15, 2012

at Waseda University, Nishi-Waseda Campus
63 Bldg. 04 Conference Room

Mini-Course

Matthias Geissert
(TU Darmstadt)

"Analytical Aspects of Complex Fluids"

小菌英雄 Hideo Kozono
(Waseda University)

"New function space in general unbounded domains
and its applications to the Navier-Stokes equations"

前川泰則 Yasunori Maekawa
(Kobe University)

"Mathematical analysis on some coherent structures
of vorticity fields for viscous incompressible flows"

Paolo Maremonti
(Seconda Università degli Studi di Napoli)

"Stokes and Navier-Stokes IBVP
with nondecaying data"

Scientific Talks
