

Information on the Application for Admission as a Doctoral Candidate at the Department of Mathematics

To officially begin your doctorate, you must register as a doctoral candidate at the department, preferably at the beginning of your doctoral work. Registration and acceptance as a doctoral candidate are mandatory.

Please complete the application for admission as a doctoral candidate in full and submit it in electronic form by e-mail to the Departmental Office (promotionen@mathematik.tu-darmstadt.de). The application, including all relevant attachments, must be submitted to the Departmental Office **at least 10 days (1:00 p.m.)** before the respective meeting of the doctoral admissions board.

Please present the original of your certificate and degree certificate at the Departmental Office. For this please make an appointment in due time.

Enrollment as a “doctoral student” is optional for a doctorate, but online registration is **mandatory**.
